

Dear FCC,

Hi, My name is NIMBUS (singer-song-writer for the local San Antonio Rock-n-Roll Band 1251). Last season we wrote a song called (THE-SPURS-ANTHEM) for the San Antonio Spurs. We tried for months to push our song but kept getting rejected wherever we went. I guess nobody thought that San Antonio would be the HOME OF THE WORLD CHAMPIONS at the time because it was real early in the season. However special thanks to KXXM-FM MIX 96.1 The Woody Show for embracing the song. One early morning last season I heard Woody Of KXXM-FM MIX 96.1 asking local artists to submit there songs to support the Spurs and so I called him, left a message, and he faithfully returned my call. I dropped off a Cd of the song immediately that day. The next morning he based all of his show around the local artists, especially us. It was A blessing straight from GOD himself And totally amazing!!! He played our song during the play offs, He personally invited us to play an event that was held in the parking lot of KXXM-FM MIX 96.1 for the Spurs. He continuously promoted our web site (WWW.1251rocks.com) over the air during his show. We received over 1000 hits in less than 25 days. The rest is history!!!

The Woody Show of KXXM-FM MIX 96.1 was truly a life changing experience for me and very inspiring for me as a local artist on the verge. We received all kinds of email even from Japan!!!!

GOD-Bless!!!! The Woody Show and all the people from KXXM-FM MIX 96.1 for all their support!!!!!!! THANK YOU FCC!!!!!!!

Sincerely yours,

-Nimbus
